## 3. CATEGORIES AND MODALITIES

The Cup will be held in open category (A and B) in each modality, applying the current CMAS regulation and according to the final consolidated enrollment.

## 4. PLACE OF THE COMPETITION

The city of Medellín (Antioquia), has a pleasant climate that averages 24 ° C of temperature. It is a diverse and innovative city that has modern transport systems such as the Metro, the Metrocable and Metroplus and its efficient infrastructure has allowed it to host major world events. Located in a valley surrounded by mountains, this city of Colombia is always friendly with travelers. The city of Medellín is attractive not only for its commercial and industrial activity, but also for its hectic cultural and nocturnal life.

Medellín has the doors open for everyone, with spectacular people and with the possibility of knowing countless places that tell a story and the traditions that identify us.

The spring weather of Medellín, its landscape of mountains and its spectacular panoramic views make of its route an experience that seduces.

## COMPETITION SCENARIOS

The Aquatic Complex is located within the Atanasio Girardot Sports Unit (UDAG), where there are spaces for the meeting of all citizens, for enjoyment, recreation, healthy recreation and the practice of various sports disciplines in an entertaining way. or for high performance.

The aquatic complex and the UDAG are located in one of the most central residential areas of the city. There converge two of the main roads of the Antioquia capital: the race 70 that runs from south to north and Colombia Street that runs from east to west. The Aquatic Complex can be accessed in the metro (Suramericana, Estadio and Floresta stations).
